

Resolution No. 14.

A Resolution Relating to a Financial Plan for the Administration.

RESOLVED

That the following Financial Plan for the Administration be adopted:

.....

Section 4. General Contributions.

As to the amount and character of the contribution of each member Government, to be determined by its constitutional bodies as provided for in Article V of the Agreement, the Council recommends that each member Government whose home territory has not been occupied by the enemy shall make a contribution for participation in the work of the Administration, approximately equivalent to one percent of the national income of the country for the year ending June 30th, 1943 as determined by the member Government.

The Council recognizes that there are cases in which the recommendation above may conflict with particular demands arising from the continuance of the war or may be excessively burdensome because of peculiar situations, and therefore recognizes that the amount and character of the contribution recommended is subject to such conditions.

Section 5. Character of Contribution

Subject to the provisions of Article V, paragraph 1, of Agreement the Council recommends that as much as possible, but not less than 10 percent, of the amount contributed by each member Government as recommended in section 4 hereof, shall be in such form of currency as can be expended in areas outside of the contributing country; and that the balance thereof shall be in the form of a credit in local currency which shall be available for the purchase of the contributing country's supplies and services.

Section 7. Contributions by Other Member Governments.

The Council recommends that member governments other than a member government referred to in Section 4 hereof, which are able to contribute to the work of the Administration for relief and rehabilitation outside its own territory (in addition to its annual contribution for allocated administrative expenses) should do so.

Resolution Nr. 14,

vedrørende en Finansplan for Forvaltningen.

BESLUTTET

at følgende Finansplan for Forvaltningen skal vedtages:

.....

Afsnit 4. Almindelige Bidrag.

Med Hensyn til Størrelsen og Arten af det Bidrag fra enhver Medlemsstat, der ifølge Overenskomstens Artikel V skal fastsættes af dennes forfatningsmæssige Organer, henstiller Raadet, at enhver Medlemsstat, hvis Moderland ikke har været Genstand for fjendtlig Besættelse, til Forvaltningens Virksomhed yder et Bidrag, der omtrentlig svarer til een Procent af Landets Nationalindkomst i Tidsrummet 1. Juli 1942—30. Juni 1943, saaledes som denne maatte blive udregnet af den paagældende Medlemsstats Regering.

Raadet erkender, at der er Tilfælde, i hvilke en Imødekommen af ovennævnte Henstilling kan komme i Strid med særlige Krav i Forbindelse med Krigens Fortsættelse, eller paa Grund af særlige Forhold kan blive urimelig byrdefuld, og erkender derfor, at det foreslaaede Bidrags Størrelse og Art bør tilpasses efter saadanne Forhold.

Afsnit 5. Bidragets Art.

I Overensstemmelse med Bestemmelserne i Overenskomstens Artikel V, Pkt. 1, henstiller Raadet, at den størst mulige Del, dog ikke under 10 pCt., af det af hver Medlemsstat i Medfør af nærværende Resolutions Afsnit 4 ydede Beløb, skal erlægges i Valuta, som kan anvendes udenfor det bidragydende Lands Grænser, og at Resten skal præsteres i en i Landets egen Valuta ydet Kredit, der skal staa til Raadighed til Betaling af Forsyninger og Tjenesteydelser i det bidragydende Land.

Afsnit 7. Bidrag fra andre Medlemsstater.

Raadet henstiller, at andre Medlemsstater end de, der omhandles i Afsnit 4 af nærværende Resolution, saafremt de er i Stand til det, bidrager til Forvaltningens Hjelpe- og Genopbygningsarbejde i Udlandet (som Tillæg til den dem paaagte Andel i Administrationsudgifterne).
